Company Highlights

3RI Technologies is an ISO 9001:2015 certified software training company leading the Indian market in providing Basic and Advanced courses in the latest technologies. The courses at 3RI Technologies are scientifically designed to meet the needs of freshers and professionals to upgrade their skills to meet the industry demand. We offer Instructor-Led Online courses under the guidance of the best team of trainers having 8+ years of industry experience. We offer job-oriented courses like Data Science, Python, Web Development, Cloud Computing, Microsoft Azure, AWS, GCP, Angular Java, and Software Testing. We offer to work on real time-based case studies and projects taken directly from reputed MNC's like Amazon, Google, Walmart, and so on as an integral part of our training. We offer additional assistance in developing the overall personality of our students through our exclusive workshops. Our 100% placement assistance aims to provide the best opportunities for our students through our tie-ups with 300+ MNC's.
